Dear Parents and JIS community

Out and about with the JIS community

This week we welcomed around 100 visitors to JIS as part of some I.B. workshops run by the South China / Hong Kong PYP network. There was a wide range of workshop presentations on offer and teachers came from a variety of Hong Kong schools. For many it was the first time they had been to JIS and we were delighted to receive some positive feedback about our school environment and facilities. Cath Wan our PYP coordinator was one of the main organisers of the event and some JIS members of staff presented workshops to their peers as volunteers. Well done to everyone involved!

Japanese class open lessons:

Many thanks to Yoko sensei and Kiyomi sensei for hosting some 'open lessons' in their Japanese class, over the last few days. There were some student language presentations and sharing of activities as to how Japanese class is organized for parents to observe.

There will be a rotation of workshops with:

P5 students demonstrating some 'green screen' animation

P3 students demonstrating some programming and code based activities, using programmable robots.

P2 have now joined in (!) with some presentations using the Makey Makey devices – all great fun too
Along the corridor there will be a range of 'Hour of code' experiences for everyone to try.

P2 engineers get ready with Makey Makey devices. P5 student teachers: in preparation for the upcoming parents evening and to help P6 as part of their Exhibition, P5 volunteers are teaching P6 how to make green screen videos on the iPad.

Please consider joining our school parent community association as a way to get involved or support the school. Each year there is a community election for a group of parents who meet together to plan and organize different events for the school the students and the community. It is a great way to get involved in the school but it is not too time consuming, ask one of the existing committee members for more details. Kim Murch the current President of ESSPA has sent out some details and attached a form, please sign up and get involved. Nomination forms can be left in the blue box in the school office. The school belongs to all of us and we can work together to make it as good as possible!

This week we have sent out full details of the deposit system for next year's school places at JIS. In order to support the school in planning for the next school year we ask all JIS parents to pay a non-refundable deposit for their school place for next year. This is NOT an extra charge as it becomes your school fees for the first month of 2018-19 school year.

We have applied to the Education Bureau for a school fee increase of 3.5% which means that school fees for JIS for 10 months next year will be \$10, 875. An increase of \$350 on 2017-18.
